07-11-2025 - Friday

IC8 - Taming the cone: Various modalities for management of Keratoconus

Date:	07-11-2025
Time:	08:30-09:45
Hall:	Gulmohar (Ist Floor)

Dr.Gunjan Budhiraja

This instructional course is designed to provide ophthalmologists and corneal specialists with an in-depth understanding of modern strategies in the management of keratoconus. The course covers the pathophysiology, diagnosis, and staging of keratoconus, followed by a comprehensive exploration of current treatment modalities.

Participants will gain detailed insights into corneal cross-linking (CXL), including various techniques of CXL, accelerated CXL, and customized/topography-guided CXL techniques. The course will also examine the indications, steps, outcomes associated with lamellar keratoplasty, particularly anterior lamellar keratoplasty (DALK) etc.

Learning Objectives:

Understand the etiology and progression of keratoconus.

Master the indications, techniques, and outcomes of various CXL modalities.

Evaluate patient selection criteria for lamellar keratoplasty, especially DALK.

Develop evidence-based, patient-centered management strategies.

1. Overview,Pathophysiology of keratoconus and global burden of the disease (10 mins)

2. Rings and segments in Keratoconus (15 mins)

3. All about various Crosslinking techniques (10 mins)

4. Lamellar keratoplasty and various techniques in keratoconus (15 mins)

5. Role of various Contact lenses in Keratoconus (10 mins)

: Prof. Arvind Kumar Morya

: Dr. Arnav Singh Saroya

: Dr. Anu Malik

: Dr. Gunjan Budhiraja

: Dr. Neha Sandhu

Panel Discussion: (15 mins)

Video Presentation 1

Date:	07-11-2025
Time:	08:30-09:45
Hall:	Jacaranda (Ist Floor)

[VT1] - Tale of dancing Descemet membrane

Chief & Presenting author: Dr.Deepthi Prabhakar Iyer

[VT3] - Navigating Challenges in Training: Iris Hook-Assisted SICS for Hypermature Cataract with Small Pupil

Chief & Presenting author: Dr.Aditya Gupta (ISMSICS2867)

[VT6] - 3mm Manual SICS with Blumenthal's Radial cuts in Soft Cataract.

Chief & Presenting author: Dr.DHALIWAL RANJIT SINGH (ISMSICS065)

[VT11] - Retinal Revival: Triumphs in Managing Complex Detachments.

Chief & Presenting author: Dr. Ashish Markan

[VT16] - A video compilation demonstrating some of the unique complications I've faced as a surgical trainer

Chief & Presenting author: Dr.Saurabh Korgaonkar, Dr.Sourabh Patwardhan, Dr.Nidhi Patwardhan, Dr.Umesh Amrale

[VT19] - Hanging by a Thread: Explanting a Disenclaved Retrofixated Iris Claw IOL

Chief & Presenting author: Dr. Pranita Sahay, Dr. Ananya P. R., Dr. Abhishek Kumar, Dr. Nawazish Shaikh

[VT20] - One Port, Two Worlds: Combined Lens Aspiration and Vitrectomy for Hidden IOFB in a Child Chief & Presenting author: Dr.Nawazish Shaikh, Dr.Siddhartha Rao B.S., Dr.Avilasha Mohapatra

[VT24] - Sinskey hook: Saviour of the Posterior Capsule in Posterior Polar Cataract Chief & Presenting author: Dr.Sakshi Somani, Prof.Nayana Potdar, Dr.Anuja Gharat

[VT33] - Tejas Technique: A new way of doing SICS

Chief & Presenting author: Dr.Ashwani Kalia

Case Presentation - Challenging Cases

Date: 07-11-2025
Time: 08:30-09:45
Hall: Amaltas (The Theatre) (Lower Lobby)

[CP2] - Cataract surgery in uveitic eyes

Chief & Presenting author: Dr.Manish Wankhade

[CP4] - MSICS in a case of Morgagnian cataract with Complete Aniridia with inferior lenticular coloboma

Chief & Presenting author: Dr.Rajwinder Kaur Bhattal (ISMSICS1036)

[CP13] - Labyrinthine Convalescence Achieved Utilizing Best Indian Innovations

Chief & Presenting author: Prof.Arvind Kumar Morya (ISMSICS303)

[CP15] - When the Eye Speaks First: GPA Presenting with Necrotising Scleritis Post Abdominal TB

Chief & Presenting author: Dr.Anjali Singhal, Dr.Bhagat Purvi Raj, Dr.Kunal Bansal

[CP16] - Intra-retinal cyst masquerading as choroidal melanoma

Chief & Presenting author: Dr.NAINTARA CHOUHAN, Dr.Neiwete Lomi

[CP22] - Tiny Eyes, Big Decisions: Cataract Surgery in Bilateral Nanophthalmos with Persistent Angle

Closure

Chief & Presenting author: Dr.Mehak Gupta, Dr.Arshi Singh, Prof.Kirti Singh

[CP24] - Multifocal ulcerative conjunctival ulcers: a rare presentation of Ocular Herpes

Chief & Presenting author: Dr.Manasi Tripathi

[CP26] - An interesting case of Acute Intraoperative hard eye due to suprachoroidal hemorrhage

Chief & Presenting author: Dr.Jagdeep M. Kakadia (ISMSICS2738), Dr.R C Shah

[CP31] - Transient Myopia as a Manifestation of Posterior Scleritis: A Case Mimicking Anisometropic

Amblyopia

Chief & Presenting author: Dr.ZAKIR HUSSAIN, Dr.Pranita Sahay, Dr.Thakar Meenakshi, Dr.Aarushi Saini

[CP38] - Concomitant abducens and facial nerve palsies following bilateral temporal bone fracture.

Chief & Presenting author: Dr.Nisha Gupta, Dr.Raghav Gulati

[CP39] - Ocular Disease as primary manifestation in Sarcoidosis

Chief & Presenting author: Dr. Varun Kumar Upadhyay, Dr. Dr. Neelima Mehrotra, Dr. Shipra Tripathi

[CP40] - Uremic Optic Neuropathy -A Rare presentation in case of CKD on Dialysis

Chief & Presenting author: Dr.Akansha Vaish, Prof.Dr Neelima Mehrotra, Dr.Kunwar Gaurav Singh

Free Paper Retina

Date:	07-11-2025
Time:	08:30-09:45
Hall:	Kadamb (The Theatre) (Lower Lobby)

[FP2] - Association between vitamin D levels & severity of Diabetic Retinopathy in Type 2 Diabetes Mellitus

Chief & Presenting author: Dr.Navdeep Kaur (ISMSICS3098), Dr.Rajwinder Kaur Bhattal

[FP18] - A case of Waldenstorm Heerdfordt syndrome

Chief & Presenting author: Dr.Easther Daziine, Prof.Dr. Anuradha Raj

[FP34] - ICG Enhanced Transpupillary Thermotherapy For Treatment Of Circumscribed Choroidal Hemangioma

Chief & Presenting author: Dr.Shivayan Srivastava, Dr.Neiwete Lomi, Prof.Bhavna Chawla, Prof.Rohan Chawla

[FP40] - DICHOTOMY OF OCULAR TRAUMA: PURTSCHER'S RETINOPATHY, ROAD LESS TRAVELLED BY!

Chief & Presenting author: Dr.DIKSHITAA RAJDEV, Dr.Parag Devkar, Dr.Sumita Karandikar

[FP49] - Eye See You Again

Chief & Presenting author: Dr.Megha Brahmbhatt, Dr.Jignesh Gosai

[FP57] - Visual Acuity in Diabetic Retinopathy patients with CSME and its Correlation with retinal layers.

Chief & Presenting author: Dr.vaishnavi pachange

[FP69] - Comparative evaluation of PST versus IVTA in patients of RRD with CD

Chief & Presenting author: Dr.Sai Vineeth Maddu, Dr.Ashish Markan

[FP77] - Conundrums in Neuro-ophthalmology- Foster Kennedy syndrome vs Pseudo FKS : A case series

Chief & Presenting author: Dr.Chander Prabha, Prof.Manisha Nada, Dr.Jitender Kumar

[FP78] - Treatment results in serpiginous choroiditis and multifocal serpiginous choroiditis

Chief & Presenting author: Dr. Varun Kumar Upadhyay, Dr. Dr Neelima Mehrotra, Dr. Kunwar Gaurav Singh

[FP82] - Risk factors of amblyopia in 3-12 years age group

Chief & Presenting author: Dr.Himanshu Jha Vats, Dr.Dr. Falguni Roy

The Mindset and Motivation Behind Dry Eye Care

Date:	07-11-2025
Time:	09:45-11:00
Hall:	Silver Oak (Ground Floor)

Moderated - Dr. Namrata Sharma

- 00-10 mins 1. Revisiting the Basics: Understanding the Modern Dry Eye Disease Spectrum
- 10-20 mins 2. Smart Diagnostics: Innovations in Ocular Surface Imaging and Tear Film Analysis
- 20-30 mins 3. Advances in Thermal Therapies for Meibomian Gland Dysfunction
- 30-40 mins 4. Dry Eye Disease: Risk, Relief and Recommendations
- 40-50 mins 5. Explore the Emotional and Clinical Motivation Behind Dry Eye Care
- 50-60 mins 6. Dry Eye Beyond the Surface: Systemic and Lifestyle Considerations
- 60-70 mins Panel Discussion / Q&A

IC7 - Most Cost - Cost-effective eye Hospital Model to Provide Best Clinical Services with Supreme Results

Date:	07-11-2025
Time:	09:45-11:00
Hall:	Gulmohar (Ist Floor)

Prof.Arvind Kumar Morya

For the Beginners as Well as for the Established Ophthalmologists Who Wants to Upgrade Eyecare Services at Their Centre - the Heavy Cost of Modern Ocular Equipments and Their High Maintenance Cost is the Biggest Challenge. so in This Instruction Course We Will Cover all Possible Aspects and Tricks on How to Gain Maximum Return by Following These Simple Affordable and Sustainable Eye - Hospital Model Applicable for all Budding Ophthalmologists Who Wants to Open Their New Eye - Hospital. Through This Ic They Will Learn Which Machines Are Best and yet Available at Most Economical Prices, How to Upgrade an Average Microscope with Minor Affordable Accessories and Achieve Excellent Surgeon's View with Maximal Resolution While Recording. It Will Also Highlights Easily Accessible Gadgets to Upgrade Slit-Lamps, Which Better Iol's Are Available in the Market with High Performance at Such Low Cost. This Model Will Be a Path Breaking for the Clinical Eye - Practitioners for Developing Countries.

- 1. Simple Accessories for Upgradation of Any Operating Microscope (8 mins)
- 2. Simple Tips and Things to Develop Glaucoma Practice Along with Cataract Facility for Extra \$ (8 mins)
- 3. How to Be a Major Premium IOL Ophthalmic Practitioner (8 mins)
- 4. Most Cost Effective Video Recording System to Grow and Learn (8 mins)
- 5. MSICS The Way Forward In the Modern Era (8 mins)
- 6. What's the Best Insurance Policy for Ophthalmic Practitioners (8 mins)
- 7. Customized SICS With Premium IOL Implantation (8 mins)
- 8. Manpower Management Tips and Tricks to Keep Minimum Expenses (9 mins)

: Dr. Jagdeep M. Kakadia

: Dr. R C Shah

: Prof. Arvind Kumar Morya

: Dr. Dr. Satish D Shet

: Dr. Rakesh Shakya

: Dr. Manoj Chandra Mathur

: Prof. Manisha Rathi

Panel Discussion: (10 mins)

Video Presentation 2

Date:	07-11-2025
Time:	09:45-11:00
Hall:	Jacaranda (Ist Floor)

[VT8] - Post traumatic membranous cataract extraction - a surgical challenge with good visual outcomes **Presenting author : Dr.Jitender Kumar (ISMSICS683)**, Chief author : *Dr.Dr. Mamta Verma*, Prof.Manisha Nada, Dr.Dr. Mamta Verma, Dr.Dr. Kritika Jain

[VT10] - MSICS in a case of Morgagnian cataract with Complete Aniridia with inferior lenticular coloboma Chief & Presenting author: Dr.Rajwinder Kaur Bhattal (ISMSICS1036), Dr.Navreet

[VT12] - Triple Procedures - Challenges during Lens Management

Chief & Presenting author: Dr.Karan Bhatia (ISMSICS284), Dr.Ruchita Manaktala

[VT26] - Navigating Corneal Scar and Dense Nucleus in a Post-Uveitic Cataract

Chief & Presenting author: Dr.Asheesh Bajaj (ISMSICS731)

[VT29] - When the lens slips : A surgical comeback Chief & Presenting author : Dr.Rishabh Gupta

[VT30] - Rhexis runaway rescue in intumescent cataract

Chief & Presenting author: Dr.Dr. Tanya Kumari

[VT34] - 'IOL Scaffold Assisted Phacoemulsification'- A Novel Technique for Management of Morgagnian Cataract

Chief & Presenting author: Dr.Gaurav Gupta

[VT39] - Intraocular Lens (IOL) Exchange Surgery In a Case Of Opacified IOL

Chief & Presenting author: Dr. Yogita Gupta, Prof. Sarita Beri, Dr. Amita

[VT41] - Surgical Management of Hypermature Cataract in ICE Syndrome with Pupilloplasty and Iris Claw IOL

Presenting author : Prof.Manisha Nada (ISMSICS711), Chief author : *Dr.Dr. Kritika Jain*, Prof.Manisha Nada, Dr.Jitender Kumar, Dr.Dr. Mamta Verma

[VT42] - My mentor always said –Every cloud has silver lining.

Chief & Presenting author: Dr.Rakesh Shakya (ISMSICS836), Prof. Arvind Kumar Morya

[VT43] - Conquering the Challenge: Managing Moderate-Severe Lens Subluxation with CTR and Phacoemulsification

Presenting author : Prof.Manisha Nada (ISMSICS711), Chief author : *Dr.Dr. Kritika Jain*, Prof.Manisha Nada, Dr.Jitender Kumar, Dr.Dr. Mamta Verma

[VT45] - Fixing eyes with prolene ties

Chief & Presenting author: Dr.Nayan Gupta

Free Paper Glaucoma

Date:	07-11-2025
Time:	09:45-11:00
Hall:	Kadamb (The Theatre) (Lower Lobby)

[FP3] - RISK FACTORS & EFFECTS OF EARLY LENS EXTRACTION ON IOP,ACD & RLPF IN EYES WITH OCCLUDABLE ANGLES

Chief & Presenting author: Dr.Navdeep Kaur (ISMSICS3098), Dr.Rajwinder Kaur Bhattal

[FP9] - Study compares IOP measurements from GAT, NCT and Perkins tonometers, correlating with CCT. Chief & Presenting author: Dr.Aishwary Singh, Dr.Sarita Agarwal, Dr.Somesh Ranjan

[FP11] - Comparative Evaluation Of Phaco with Goniotomy vs Trabeculectomy In Patients of Early Onset PACG

Chief & Presenting author: Dr.Prannya Arora, Dr.Dr. Shikha Gupta, Dr.Viney Gupta, Dr.Arnav Panigrahi

[FP16] - Phacolytic Glaucoma Mimicking Endogenous Endophthalmitis: A Diagnostic Dilemma Chief & Presenting author: Dr.Vaishali, Prof.Manisha Rathi, Prof.Sumit Sachdeva, Dr.Ruchi Dabas

[FP28] - To study effect of chronic smoking on the retinal nerve fiber layer (RNFL) thickness Chief & Presenting author: Dr.Ruchi Dabas, Dr.dr meena kumari, Prof.Manisha Rathi, Prof.Sumit Sachdeva

[FP39] - Combined PPV, PRP, intravitreal anti-VEGF and cyclo photocoagulation in NVG with vitreous hemorrhage

Chief & Presenting author: Dr.Hemlata Udenia, Dr.Saurabh Verma, Prof.Tanuj Dada

[FP43] - Quantitative Analysis of Aqueous Outflow in Primary Open Angle Glaucoma using Aqueous Angiography

Chief & Presenting author: Dr.Anuja Patil, Dr.Nitika Beri, Prof.Tanuj Dada, Dr.Namrata Sharma

[FP58] - Diagnostic Accuracy of Slit Lamp Biomicroscopy vs OCT in OD Damage Likelihood Scale Staging for POAG

Chief & Presenting author: Dr.RIYA SRIVASTAVA, Prof.Deepak Mishra, Dr.Kanchan Singh, Dr.Dipti Singh

[FP60] - Evaluating prefrontal cortical activity for cognitive functioning in Primary open angle glaucoma. Chief & Presenting author: Dr.Diksha Singhal, Prof. Tanuj Dada, Dr. Vivek Gupta, Dr. Dewang Angmo

[FP67] - Outcomes of Intralenticular lens aspiration with glued SFIOL for Ectopia Lentis in Marfan's Syndrome

Chief & Presenting author: Dr.Manasi Tripathi, Dr.Manpreet Kaur, Dr.J. S. Titiyal

[FP80] - Hidden Neurotoxicity in Glaucoma Patients Undergoing Cataract Surgery: A Clinical Insight Chief & Presenting author: Dr.AYUSHI BANSAL, Dr.Suvidha Mahar, Dr.Vimlesh Sharma, Dr.Summy Bhatnagar

3-Minute Postgraduate Thesis Slam

Date:	07-11-2025
Time:	11:00-12:15
Hall:	Silver Oak (Ground Floor)

Convenor - Dr.Anu Malik

[THESIS1] - Comparative evaluation of efficacy and safety profile of BANG vs GATT in management of POAG

Chief & Presenting author: Dr.Monika Yadav

[THESIS2] - To study the factors affecting the Intraocular pressure in peri and postmenopausal women.

Chief & Presenting author: Dr.Gunjan Midha

[THESIS3] - To study the effect of yogic exercises including pranayama on IOP in healthy individuals Chief & Presenting author: Dr.Vaishali

[THESIS4] - To Correlate Between Pentacam Nuclear Density Grading and Locs Iii Grading in Senile Cataract

Chief & Presenting author: Dr.Manendra Singh

[THESIS5] - EVALUATION OF OCTA PARAMETERS FOLLOWING USE OF ANTI-VEGF IN NON RESOLVING CSCR

Chief & Presenting author: Dr.HITENKUMAR MIYANI PRAVINBHAI

[THESIS6] - To evaluate vision related quality of life and correlate psychological stress in patients with CSCR.

Chief & Presenting author: Dr. Chander Prabha

IC9 - Though you know it all !! Can we add some practical tips ??

Date:	07-11-2025
Time:	11:00-12:15
Hall:	Gulmohar (Ist Floor)

Prof.Bhavana Sharma

Phacoemulsification in challenging scenarios. While most cataract surgeries are simple procedures which ophthalmologists routinely perform. However, surgeons inevitably encounter cases that may not be simple, that deviate from standard norms, where unexpected difficulties are faced & warrant critical considerations. Don't let such challenging cataract cases drift to your peers. These subsets of complex cataracts demand meticulous planning for optimal outcomes. This course, led by skilled cataract surgeons, offers practical tips & pearls to navigate diverse clinical presentations such as phaco in different types of cataracts, corneal diseases, complicated cataracts in uveitis, & pediatric cataracts. The experienced instructors share their extensive clinical & surgical expertise in managing frequently encountered complex situations. This instruction course would be helpful both for experienced surgeons and residents looking to build strong surgical foundation and tackling challenging cases.

- 1. Phaco in different types of cataracts (15 mins)
- 2. Phaco in capsular/zonular dehiscence (15 mins)
- 3. Phaco in corneal diseases (15 mins)
- 4. Phaco in complicated cataracts (15 mins)
- 5. Phaco in pediatric cases (15 mins)

Special Session

Date:	07-11-2025
Time:	12:15-13:30
Hall .	Silver Oak (Ground Floor)

- 1) FLACS in posterior polar cataract Dr. Shail Vasavada
- 2) Optical Biometer with image guidance A boon for Optimal Outcome in Cataract Surgery Dr. Sudhir Mahashabde
- 3) Management of Presbyopia Dr. Krishna Prasad Kudlu

IC10 - Close encounters - navigating difficult situations and complications during phacoemulsification

Date:	07-11-2025
Time:	12:15-13:30
Hall:	Gulmohar (Ist Floor)

Dr.Sudeep Das

This video based course will discuss in depth the ideal methods of handling difficult scenarios one encounters during phacoemulsification. These include black & brown cataracts, white and intumescent cataracts, posterior polar cataracts, subluxated cataracts, cataracts associated with glaucoma, cataract surgery in presence of poor endothelium and other scenarios. We will also deal with intraoperative zonular dialysis, posterior capsule rupture, iris injury and lost capsulorhexis. The aim is to provide the necessary tools to surgeons to competently handle their complications and also to step up and tackle more challenging cases

1. Management of black / brown, mature and intumescent cataracts (10 : Dr. Sudeep Das mins)

2. Management of Subluxated Cataracts & intraoperative zonular dialysis (10 mins) : Dr. Suvira Jain

3. Management of Posterior Polar Cataracts (10 mins) : Dr. Maneck Nicholson

4. Management of intraoperative PCR (10 mins)

: Dr. Mohammed Sayee Timiri Saqhy

5. Phacoemulsification in eyes with long and short axial length and post vitrectomy eyes (10 mins) : Dr. Suvira Jain

6. Management of IFIS & iris trauma during phacoemulsification (10 mins) : Dr. Sudeep Das

Panel Discussion: (5 mins)

Keynote Address: Cataract surgery in silicon oil filled eyes - Dr. Chitra Ramamurthy - 10 Mins

From Incision to Inference: Research Methods and Results in MSICS

Date:	07-11-2025
Time:	12:15-13:30
Hall:	Jacaranda (Ist Floor)

A session of the International Research Committee of ISMSICS

Chairperson: Dr Amulya Nath Sahu, Dr BK Nayak, Dr Rajesh Sinha

Co-Chairperson : Dr P Gogate, Convenor : Dr Jatinder Bali Co-Convenor : Dr Rajwinder Kaur

Moderators : Dr Anu Malik, Dr Shipra Tripathi

Introduction - Dr. Amulya Nath Sahu - 5 min

- 1. Designing Research for MSICS: From Surgical Question to Study Protocol Dr Anu Malik 7 min
- 2. Research methods and cataract surgery Dr BK Nayak 7 min
- 3. Probing grey areas in research in manual small incision cataract surgery Dr P Gogate 7 min
- 4. Measuring Outcomes in MSICS: Defining What Matters Dr Shipra Tripathi 7 min
- 5. Surgically Induced Astigmatism (SIA): Methods of measurement and their Interpretation Dr Rajesh Sinha 7 min
- 6. Surgically induced astigmatism: How to report in MSICS Dr NZ Farooqui 7 min
- 7. Data collection and Management: how to store your data? Use of real world data. Different statistical methods for reporting outcomes. Using AI responsibly Dr Jatinder Bali 7 min
- 8. Points to remember while doing literature search for your research in MSICS Dr Rajwinder Kaur 7 min
- 9. Publishing and Presenting MSICS Research: How to navigate the minefields? Dr Navin Neeraj 7 min
- 10. The importance of high quality data in research: are data safety monitoring boards required in MSICS Dr Anil Tanwar 7 min

Case Presentations (Cornea)

Date: 07-11-2025
Time: 12:15-13:30
Hall: Amaltas (The Theatre) (Lower Lobby)

[CP7] - Korda Injury in Eye During Holi: A Vision-Saving Case Report

Chief & Presenting author: Dr. Vaishali, Prof. Manisha Rathi, Prof. Sumit Sachdeva

[CP12] - Sparing the Scalpel: A Case of Multifocal OSSN Managed with Topical Chemotherapy Chief & Presenting author: Dr.DUDDUMPUDI RAMA TULASI SIRI, Prof.Bhavana Sharma

[CP19] - Title: Iridocorneal Endothelial Syndrome: A Case Report and Review of Diagnosis and Management

Chief & Presenting author: Dr.Shashi kumawat

[CP29] - PERIPHERAL ULCERATIVE KERATITIS IN SWEET'S SYNDROME- A RARE OCULAR MANIFESTATION

Presenting author : Dr. Virendra Tarhale ,Chief author : *Dr. Virendra Gajanan Tarhale*, Dr. Dr. Tuhina Mishra

Chief & Presenting author: Dr.Raja Kannan Durairaj

IC11 - Lens Subluxations: The way to go!

Date:	07-11-2025
Time:	13:30-14:45
Hall:	Gulmohar (Ist Floor)

Dr.Rakesh Shakya

This video assisted course will highlight the basic and Advanced management of subluxated complex cases Such scenarios are handled by different speakers where different types of situations are explanted, this course will help in treating genetics behind subluxated cataract and will also help learners to be able to improve the basic and surgical management

1. Overview of Lens Subluxation: Causes, symptoms, and diagnosis (10 mins)

2. Genetic Disorders Linked to Lens Subluxation (10 mins)

3. Easy way to manage subluxated cataract -Beginners must know (10 mins)

4. Pediatric Lens Subluxation and their treatment in children (10 mins)

5. . Microspherophakia and its management (10 mins)

: Dr. Nilutparna Deori

: Prof. Arvind Kumar Morya

: Dr. Rakesh Shakya

: Dr. Parul Chawla Gupta

: Dr. Partha Biswas

Panel Discussion: (25 mins)

IC6 - Screening for cataract and glaucoma at the community level through eye camp

Date:	07-11-2025
Time:	14:45-16:00
Hall:	Gulmohar (Ist Floor)

Prof.Manisha Rathi

India has a huge backlog of cataract, many patients have delay in the presentation of both cataract and glaucoma to the hospital, mainly due to lack of awareness and financial issues. Our team in a tertiary care center has been carrying out screening eye camps at a nearby village. The camp approach allows for a large number of patients (600 and above) to be educated and made aware, while also being screened for cataract and glaucoma. Through the year, we get a steady stream of patients from the rural areas surrounding the camp who were screened in the camp. Free PCIOLs are provided. Glaucoma investigations are done for those who are labelled as glaucoma suspects in the screening process. The role of the free eye camp is still extremely valuable in India. We will educate about the technique of screening in an eye camp and its usefulness through this instruction course, so that the uneducated/ poor patients will not have the risk of losing their vision.

- 1. Prerequisites and site selection for outreach rural screening programs for cataract and glaucoma (12 mins)
- 2. Essential equipment and personnel required for screening for cataract and glaucoma at an eye camp (16 mins)
- 3. Patient education and screening technique for cataract and glaucoma in a rural eye camp (16 mins)
- 4. Ensuring follow up for medical/ surgical sight-saving treatment of patients in a rural eye camp (16 mins)

: Prof. Manisha Rathi

: Dr. Indermohan RUSTAGI

IC4 - Decoding Corneal Oedema post cataract surgery

Date:	07-11-2025
Time:	16:00-17:15
Hall:	Gulmohar (Ist Floor)

Dr.Dr. Jeenu Priya S. Tyagi

Corneal oedema remains a common yet challenging complication following cataract surgery .This instruction course aims to provide a comprehensive understanding of the hidden causes of corneal oedema ,TASS ,management protocols to prevent post operative IOP spikes ,Management of Post Operative IOP Spikes and Post Operative Viral Endothelites , prevention and management of Descemet membrane detachment and management of persistent corneal oedema cases ,through case - based discussions and evidence-backed protocols.

1. Preop Pitfalls: Uncover the Hidden Causes of Corneal Edema (10 mins)

2. TASS Alert: Identifying Corneal Edema Early (10 mins)

3. Preventing Postoperative IOP spikes (10 mins)

4. Spot Postop Viral Endothelitis (10 mins)

5. Keep Descemet's in Check: Prevent Membrane Detachment with Care and descemetopexy! (10 mins)

6. Corneal Edema Unplugged: "The Master's Maneuvers for Persistent Cases" (10 mins)

IC12 - Phakic IOLs- Made Easy

Date:	08-11-2025
Time:	13:30-14:45
Hall:	Silver Oak (Ground Floor)

Dr.Gaurav Gupta

This will be video based teaching course in which aspects of phakic IOLs surgery will be discussed in detail. This course will include following topics

- 1. Preoperative Workup
- 2. Step by Step Phakic IOL- Video based teaching
- 3. Complications of the Phakic IOL
- 4. Phakic IOLs in challenging cases

This course will have speakers who are expert in the field

This course will help all attendees to start Phakic IOLs in there practice

1. Introduction of the Course (5 mins)

2. Preoperative Workup for Phakic IOLs (15 mins)

3. Step by Step Phakic IOL- Video Based Teaching (15 mins)

4. Complications of Phakic IOLs (15 mins)

5. Phakic IOLs in Challenging Cases (15 mins)

: Dr. Gaurav Gupta

: Dr. Rishi Raj Singh

: Dr. Gaurav Gupta

: Dr. Jitender

: Dr. Ankit Deokar

IC5 - Advances and Techniques in Manual Small Incision Cataract Surgery (MSICS)

Date:	09-11-2025
Time:	08:30-09:45
Hall:	Kadamb (The Theatre) (Lower Lobby)

Dr. Aastha Singh

This instruction course highlights recent advancements and refined techniques in Manual Small Incision Cataract Surgery (MSICS), a highly effective and economical alternative to phacoemulsification, particularly in high-volume and resource-limited settings. The course covers incision construction, nucleus management, handling complex cases, and minimising complications. Through high-quality surgical videos, case-based discussions, and practical tips, participants will gain skills to improve outcomes and efficiency. Designed for both novice and experienced surgeons, the course aims to enhance proficiency in MSICS by integrating innovation with practical surgical approaches.

SICS vs. Phacoemulsification: Comparative Outcomes and Indications (8 mins) : Dr. Dr. Shikha Jain

2. Techniques for Efficient Nucleus Delivery and Extraction in SICS: (8 mins) : Dr. Aastha Singh

3. Managing Complex Cases in SICS: Hard Cataracts and Posterior Capsule Rupture (8 mins) : Dr. Dr. Ketaki Rajurkar

4. Preoperative Planning for SICS: Patient Selection and Risk Factors : **Dr. Preeti Tomar**

5. Minimising Complications in SICS: Prevention and Management Strategies (8 mins) : Dr. Ekta Shaw

6. Outcomes of Manual Small Incision Cataract Surgery: A Global Perspective (10 mins) : Dr. Anu Malik

7. SICS in Patients with Coexisting Ocular Conditions (8 mins) : Dr. Dr. Jeenu Priya S. Tyagi

Panel Discussion: (15 mins)

Management of Difficult Situations in Cataract and Glaucoma Surgery

Date:	09-11-2025
Time:	09:45-11:00
Hall:	Stein Auditorium (Ground Floor)

Chairpersons: Ramanjit Sihota, Harsh Kumar, Viney Gupta, Piyush Ramavat, Nitika Beri

- 1. Suprachoroidal hemorrhage after glaucoma and cataract surgery Saurabh Verma
- 2. Post trabeculectomy blebitis and endophthalmilitis Shaurya Azad
- 3. Managing complications of phaco-trabeculectomy Kirti Singh
- 4. Managing complications of phaco-tubes Sushmita Kaushik
- 5. Surgical management of nanophthalmos Shikha Gupta
- 6. Management of VKC with steroid induced glaucoma Prafulla Maharana

IC14 - Multimodal Approach for Astigmatism Management During Cataract Surgery (MSICS & Toric IOL)

Date:	09-11-2025
Time:	09:45-11:00
Hall:	Silver Oak (Ground Floor)

Dr.Narendra Singh Verma

Astigmatism is a common refractive error that can significantly impact visual quality. This course focuses on the management of astigmatism during all types of cataract surgeries.

This topics will include:

Preoperative assessment: Examination techniques, evaluation methods, and tips for accurately assessing the magnitude, axis, and nature of astigmatism.

Comparative analysis and video-based demonstrations of various IOL power calculators & SIA calculators. An overview of astigmatism correction methods, including MSICS, LRI, OCCI, Toric IOL implantation & FLACS.

Demonstration of different corneal marking techniques and the use of image-guided systems.

Intraoperative tips: Step-by-step guidance for each procedure, including surgical tips and a discussion of the pros and cons of each approach.

Postoperative examination protocols, monitoring tips, and the management of residual refractive error by using various diagnostic instruments and IOL realignment formula.

: Dr. JAGANNATH 1. Introduction (5 mins) **BORAMANI**

2. Pre-op assessment, IOL Power & SIA calculation & surgical planning. (10 mins)

3. Construction of ergonomically safe scleral tunnel incision (10 mins)

4. 2 mm MSICS (Targeting the untargeted) (10 mins)

5. Customised incision cataract surgery (CICS) (10 mins)

6. Easy, error free marking of steep axis & Toric IOL axis alignment. (10

7. Evaluation of post-op results & recent advances. (10 mins)

: Dr. Narendra Singh Verma

: Dr. Neeta Dodwad

: Dr. Amulya Nath Sahu

: Dr. JAGANNATH

BORAMANI

: Dr. Narendra Singh Verma

: Dr. Ayush Singh Verma

Panel Discussion: (10 mins)

Managing MSICS Complications

Date: 09-11-2025
Time: 09:45-11:00
Hall: Gulmohar (Ist Floor)

Chairman: Dr. Amulya Sahu Co-Chairman: Dr. Ravi Shankar Convener: Dr. Kamal B Kapur Moderator: Dr. Priyanka Boramani

- Introduction 2 min
- 1. Dr. Ajai Agrawal Postoperative Complications in MSICS 7 min
- 2. Dr. Jitendra Singh Anterior Vitrectomy Simplified 7 min
- 3. Dr. Nirmal Fredrick Infection Prevention in Cataract Surgery 7 min
- 4. Dr. Vinita Ramnani Glaucoma Following SICS 7 min
- 5. Dr. Purendra Bhasin Managing Iris Defects 7 min
- 6. Dr. Ashraful Huq Ridoy When Things Go Wrong: Practical Guide to management 7 min

IC1 - Manual SICS - The Art, the Craft & the Science.

Date:	09-11-2025
Time:	11:00-12:15
Hall:	Silver Oak (Ground Floor)

Dr.DHALIWAL RANJIT SINGH

IC begins with a brief overview into Manual SICS followed by Crafting the Perfect Incision: The Key to Success in Small Incision Cataract Surgery

Construction and Architecture of the Tunnel, its location & difficulties in tunnel making & control of astigmatism would be discussed.

Mastering of Nucleus delivery in Manual SICS and difficulties in nucleus management would be described. Then come VAST presentations by the Masters, showing various methods of SICS & their results.

Temporal SICS technique would be shown in detail by a Master of SICS.

What all is new in Manual SICS would be highlighted, described and discussed in detail.

- 1. Introduction to Manual SICS A Surgery for All Seasons, A Surgery for All Reasons. (8 mins)
- 2. Crafting the Perfect Incision: The Key to Success in Small Incision Cataract Surgery. (8 mins)
- 3. Construction and Architecture of Tunnel. (8 mins)
- 4. Mastering Nucleus Delivery. (8 mins)
- 5. Temporal Manual SICS. (8 mins)
- 6. What's new in MSICS? (8 mins)

Phacoemulsification: Basics and Challenges

Date:	09-11-2025
Time:	11:00-12:15
	Kadamb (The Theatre) (Lower Lobby)

[FT10] - My Tryst with Phacoemulsification

Chief & Presenting author: Dr.Ankit Gupta (ISMSICS3528)

[FT17] - Phaco emulsification in post trabeculectomy eyes

Chief & Presenting author: Dr.Manish Wankhade

[FT19] - Modified Sideways chopping technique in posterior polar cataract

Chief & Presenting author: Dr.Manish Wankhade

[FT29] - Incisional SIA: A Valuable Tool for Astigmatism Correction during Cataract surgery.

Chief & Presenting author: Dr.Narendra Singh Verma (ISMSICS517)

[FT57] - Phaco in soft cataracts.

Chief & Presenting author: Dr.Jitendra Vidhani

[FT60] - Tips & tricks to perform Cataract surgery in hazy media

Chief & Presenting author: Prof.Deepak Mishra (ISMSICS229)

[FT93] - Phaco in difficult eyes: intraoperative strategies for dense and soft nuclei and small pupils.

Chief & Presenting author: Dr.Dr. Sanjana Chilukuri

[FT94] - STEP BY STEP PHACOEMULSIFICATION

Chief & Presenting author: Dr. Neetu Gagneja

CCC Mega Quiz

Date:	09-11-2025
Time:	11:30-12:15
Hall:	Stein Auditorium (Ground Floor)

Quiz Masters : Namrata Sharma, Prafulla Kumar Maharana

Masterclass in Infection Control in Cataract Surgery

Date:	09-11-2025
Time:	12:15-13:30
Hall:	Stein Auditorium (Ground Floor)

Chairpersons – Dr. Nirmal Fredrick Co-Chairperson - Dr Gagan Dudeja Convenor -Co-Convenor - Dr.Karamjit Singh Moderator – Dr. Kumaran M.

Introduction - 2 mins

Keynote Address

- 1. HIC / IPC Introduction & Legal Requirements The 50 Lakh Nightmare: Legal Landmines Every Surgeon Must Avoid Dr Nirmal Fredrick 7 mins
- 2. TASS Prevention & Management TASS: The Silent Practice Killer Prevention Protocols That Actually Work Dr M. Kumaran 7 mins
- 3. Sterilization & Validation Zero-Failure Sterilization: Advanced Protocols for Bulletproof Results Dr Gagan Dudeja 7 mins
- 4. CSSD & Disinfection Systems- Your CSSD Command Center: Building Systems That Never Fail Dr J Senthil Kumar 7 mins
- 5. Medicolegal Cases & Manpower Training from Courtroom to Confidence: Medicolegal Survival & Dream Team Building Dr Murali Ariga 7 mins

6. - 7 mins

Discussion

Trainer Trainee

Date:	09-11-2025
Time:	12:15-13:30
Hall:	Silver Oak (Ground Floor)

Panelist - Dr.Rasheena Bansal

[TTC1] - I for an EYE

Presenting author : Dr.Kaushambi Ranpara, Chief author : *Dr.ASHVINI KISHOR CHOPADE*, Dr.ASHVINI KISHOR CHOPADE, Dr.Prakruti Prakashbhai Chaudhari , Dr.Asmi hiteshbhai vora , Dr.Bhoomi Kalsaria, Dr.Kaththak Rajesh Sheth

[TTC2] - ciliary stars

Presenting author : Dr.Nilutparna Deori (ISMSICS2444), Chief author : *Dr.Sonali patat*, Dr.Sonali patat, Dr.Namrashi Ostwal, Dr.Chiya Kapoor, Dr.Mansiben tejasbhai gohel , Dr.Unnati Gohel

[TTC3] - Optic Ops

Presenting author : Dr.Aarti Dave ,Chief author : *Dr.Anjali Singhal*, Dr.Anjali Singhal, Dr.Megha Brahmbhatt, Dr.Avantika Gaur, Dr.Nikita Narendra Chougule , Dr.Shilpa .

[TTC4] - The Scalpel Squad

Subluxated IOLs / Secondary IOLs

Date:	09-11-2025
Time:	12:15-13:30
Hall:	Gulmohar (Ist Floor)

Chairman: Dr. Sudeep Das

Co-chairman: Dr. Satanshu Mathur Convenor: Dr. Rakesh Shakya

Moderator: Dr. Amporn Jongsareejit

- Introduction 2 min
- 1. Dr. M Nivean 7 Tips for CM T-flex IOL 7mins
- 2. Dr. Divya Manohar Subluxated Cataracts & Small Pupils 7mins
- 3. Dr. Rahul Dinkar Deshpande Management of Subluxated Lenses 7mins
- 4. Dr. S P Singh Retropupillary Iris Claw 7mins
- 5. Dr. Karan Bhatia Zonular Weakness: Tips & Triumphs 7mins
- 6. Dr. M S Ravindra Phacosection in Tough Scenarios 7mins
- 7. Dr. Manas Nath Secondary IOLs in MSICS 7mins
- 8. Dr. Abhishek Desai Sutureless SFIOL 7mins
- 9. Dr. Rajendra Prasad IOL placement options in complex challenging PCR cases 7 min
- Discussion 17 min

Advances & Innovations in MSICS

 Date:
 09-11-2025

 Time:
 12:15-13:30

 Hall:
 Jacaranda (Ist Floor)

Chairman: Dr. Usha Johari Co Chairman: Dr. Vaishali Une Convener: Dr. Neeta Dodwad Moderator: Dr Hossam Ziada

- Introduction 2 min
- 1. Dr. Kadil Jojo MSICS vs Phaco with Multifocal IOLs 7 min
- 2. Dr. Jayashree Baruah Topical MSICS: Tips & Tricks 7 min
- 3. Dr. Rajwinder Kaur Bhattal 2 mm SICS 7 min
- 4. Dr. Ravi Trehan Customized Incision Cataract Surgery 7 min
- 5. Dr. Sushil Kakhandki Transconjunctival SICS 7 min
- 6. Dr. Priyanka Boramani Customized Incision Surgery 7 min
- 7. Dr. Anuradha Raj SICS Tunnel: $6 \text{ mm} \rightarrow 2 \text{ mm} 7 \text{ min}$
- 8. Dr. Narendra Singh Verma Incisional SIA for Astigmatism 7 min
- 9. Dr. Sanjay Tekawade Endonuclear SICS 7min
- Discussion 10 min

IC13 - PREMIUM IOL: HOW TO ACHIEVE GOOD POST OP OUTCOME

Date:	09-11-2025
Time:	12:15-13:30
Hall:	Amaltas (The Theatre) (Lower Lobby)

Dr.Rishi Raj Singh

As life expectancy increases and lifestyles become more visually demanding, many individuals over 40 face the challenge of presbyopia, the gradual loss of the eye's ability to focus on nearby objects. One of the most effective modern solutions for presbyopia, especially during cataract surgery or refractive lens exchange, is the implantation of premium intraocular lenses (IOLs). Unlike standard monofocal lenses, premium IOLs are designed to improve vision at multiple distances, reducing or even eliminating the dependence on glasses. However, as with all medical interventions, they come with both benefits and limitations.

1. CHOOSING RIGHT PREMIUM IOL FOR YOUR PATIENT (10 mins)

2. MY EXPERIENCE WITH MONOFOCAL PLUS IOL (10 mins)

3. PREMIUM IOL IN DIFFICULT SITUATIONS (10 mins)

4. POST REFRACTIVE SURGERY PREMIUM IOL (10 mins)

5. UNHAPPY POST CATARACT SURGERY PATIENT: HOW TO MANAGE (10 mins)

: Dr. Rishi Raj Singh

: Dr. Gaurav Gupta

: Dr. Rohit Gupta

: Dr. Jitender
